

Outpatient Testing Costs

Patient must provide Physician's Order

COVID-19 OUTPATIENT PCR TESTING CASH PRICE: **\$150.00**

COVID-19 OUTPATIENT SEROLOGY TESTING CASH PRICE: **\$125.00**

(Must have had PCR test completed prior for this test)

This price includes testing ONLY of the COVID-19 test for outpatient CASH PAY pricing. This price doesn't include any additional treatment rendered to the patient.

The chargemaster price for the COVID-19 testing is billed directly to your insurance if you are insured. STAT is not responsible for how the insurance processes the claim, but we *will not bill* the patient for any out of pocket expenses due to the CARES Act for outpatient COVID-19 testing.

Cost without a Physician's Order

COVID-19 OUTPATIENT PCR TESTING CASH PRICE: **\$225.00**

This price includes testing only and STAT physician order fee. Serology testing is priced at an additional \$125.00 but must have PCR test completed prior. Doesn't include any additional treatment rendered to the patient.
